Tri-Vue Mirror Frames

Stylmark designed our Tri-Vue Mirror Frames to maximize mirror space without metal mullions to obstruct the view. Each wing opens silently at the touch of the finger and a discreet steel pivot hinge provides increased stability. Frames components can be fabricated to meet custom size requirements.

Stylmark Fitting Rooms & Mirrors

www.stylmark.com
Mirror Trims

Stylmark’s Mirror Trims offer beautiful options for protecting and trimming mirrors and mirrored walls. Our J-Molding may be used at the top and bottom of a floor to ceiling mirror application. When a horizontal or vertical accent is required, use one of our two Division Trims. Mirror Trim products may be ordered in 12 foot stock lengths or pre-cut to your desired length.

To install, simply position the mirror into the top channel, and then lower it into the bottom channel.

Mirror Divider Trim
Part #420108: with holes
Part #120057: without holes

Part #420109: with holes
Part #120061: without holes

Divider trims are supplied slotted with holes for adjustability and rapid installation.

Stylmark’s J-Molding and Divider Trims feature a raised ridge to protect the mirror backing.

Mirror Trims

Part #420110: Corner Column Trim with slots
Part #120063: Corner Column Trim without slots
This Mirror Trim features slotting measuring 9/64” x 39/64”. Slots are set 1” on center, beginning 18” from one end and continuing for another 66”. It accepts Capital B-line (2300 series) and Crown Le-Mans series brackets (by others). This molding will not accept K.V. Bracket 160 or 161.

Part #410466: Recessed Trim Base
Design a mirrored wall with your favorite Stylmark Trim Maker shapes. By using this recessed trim base, a 1/4” mirror fits perfectly between your wall and our trim. See our Architectural Trim and Moldings brochure for choices of trims.

Part #110466

Part #110184*
1-1/2” Radius Cover Trim
This trim allows you to soften a harsh corner while providing a durable and protective edge.

Part #120064
1-1/2” Radius Column Corner Trim
This Mirror Trim provides a radiused corner with stepped reveal and has been developed especially for 3/4” panels.

Notes:
• *Special order only.
