

Data Sheet

Trim Maker[®]

Architectural Trim and Molding

General Description: Trim Maker from Stylmark is an easy way to add architectural accents to walls, ceilings, soffits and columns. To install simply secure the base and snap the trim into place. Trim and base stock lengths may be field cut or fabricated to order at Stylmark. Endcaps to finish exposed edges are available on most profiles. Trim Maker may be curved to meet specific radius requirements.

Applications: Crown molding, chair rail, columns, frieze, door surrounds

Material: Anodized aluminum

Anodized Finish: See Stylmark Color Library

Profiles: Quarter Rounds, Half Rounds, Rectangular, Special Shapes & Custom Profiles

Endcaps: Friction fit tabs into the base or mechanically fasten tab to the base

In order to continually improve our products, Stylmark reserves the right to make changes to specifications or materials without prior notice.

Installation Instructions

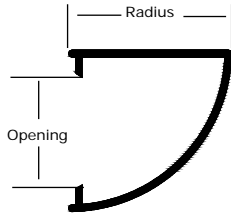

Step One: Ensure the mounting surface is flat and level. Mount the necessary length of base in the desired location by driving fasteners through pre-punched mounting holes.

Step Two: Align the Trim Maker extrusion to the catch rails of the base and press it into the base.
