Café Series Partition Hardware

Café Series – Glass Clamp

General Description: The Café Series from Stylmark consists of a variety of components used to create Partition Systems. The Glass Clamp system uses brackets to secure the glass to the post and provides a clean, modern aesthetic. A more traditional look is achieved with the Glass Channel system that uses recessed channels and plastic glazing to secure the glass. Posts are sold in 12' stock lengths for size customization. Optional accessories include end caps, shelf brackets and base attachment hardware.

Applications: Sneeze guards, booth partitions, salad bar/cafeteria posts and glass shields

Material: Anodized aluminum

Anodized Finish: See Stylmark color library

Post Options:

- Glass channel with single or double groove
- Glass clamp style

Note: Posts are sold in 12' stock lengths

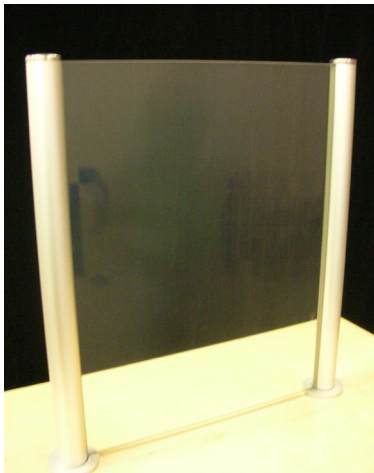

Panels: 1/4" tempered glass (supplied by others)
6 mm tempered glass (supplied by others)

End caps: Screw in end cap for both systems

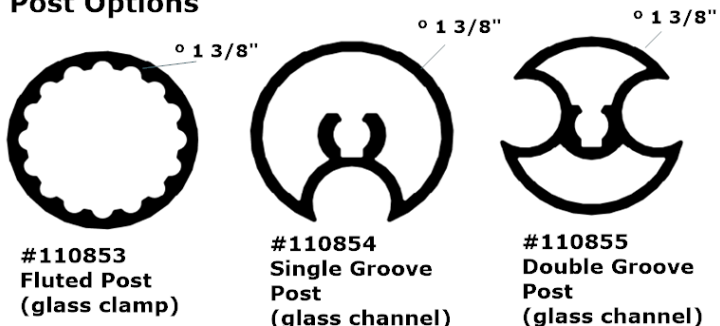

Mounting: Base and post mounting available

Multi Pane Option: Available in both systems
