stylmark®

MonitorMaker®

MonitorMaker® from Stylmark provides a cost-effective way to dress up your monitor and video wall installation with a stylish frame that matches interior design and hides all monitor elements including mounts, cords and media players from view.

Easy to install - it attaches to the wall, not the monitor or mount

◀ MITERED CORNER

CORNER CONNECTOR ▶

(Available with only black corner caps)

MonitorMaker is:

- ▶ **Flexible** - accommodates any size monitor or video wall
- ▶ **Convenient** - allows easy access to cables, media players and other components
- ▶ **Customizable** - field cut to size with two corner styles to choose from
- ▶ **Aesthetic** - available in Stylmark's wide variety of anodized finishes, enabling customers to precisely match specific brand colors

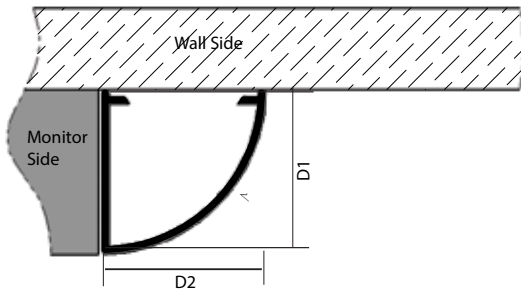

Note: MonitorMaker kits can support video walls or monitors with dimensions up to 136" H x 136"W. For larger installs please contact Stylmark.

MonitorMaker® Kit

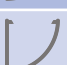

MITERED CORNERS

Note: MonitorMaker kit for mitered corners includes four rough cut extrusions with trim base and a set of corner slides for the miter
