**Prices:** Prices are subject to change without notice. Orders are shipped at prevailing prices at the time of the order. Quotes are valid for 30 days from the date of quote, unless otherwise specified. Prices do not include applicable sales taxes and delivery charges, which will be added to your order.

**Taxes:** Taxes are based on delivery address. If the company or job is tax exempt, please include a copy of the Tax Exemption Certificate with the order.

**Methods of Payment:** With approved credit, we will ship your order on an open 30-day account. To open an account, simply request a credit application. The credit approval process may take 1-2 weeks. To expedite your first order, we recommend paying with cash-in-advance. Open accounts are subject to 1%-15 days/net 30 terms. We accept Visa, Mastercard, Discover and American Express. Prepayment by check is also an acceptable method. Credit card or prepayment by check are not eligible for the prompt payment discount. Call our Customer Service Department for details.

**Delivery:** All orders are shipped F.O.B. Stylmark. Larger orders and 12' lengths are shipped freight via truck lines selected by Stylmark, unless otherwise specified by the customer.

Smaller orders and extrusions cut to 8' or less are shipped best way parcel, prepaid & add unless otherwise specified. Shipping and handling charges for parcel shipments are added to your invoice. Expedited shipping available upon request. All freight and processing fees will be charged to the customer if collect freight terms are no longer active or in good standing with the client's chosen freight company.

**International Shipping:** Preferred payment options for international customers would be a wire transfer. A wire transfer fee will be charged. Stylmark currently does not arrange international transportation. Customers are responsible to coordinate transportation internationally to their locations. (Exception for parcel shipments to Canada)

**Prepay and Add Freight:** Eliminate the hassles associated with collect freight deliveries and let us find the most economical rate to meet your requested delivery. We will share the benefits of our established relationships with

multiple carriers and pass those savings on to you. To take advantage of this new option, simply talk to your customer service representative when you are ready to place your order. Once your order is completed and in shipping, our staff will compare rates and service levels and select the one that best fits your needs. This option is available to customers with established terms or those that remit via credit card.

NOTE: A second debit for shipping charges will be charged against the credit card when the order ships.

NOTE: Additional freight and accessorial charges prepaid by Stylmark will be invoiced separately.

**Customer Pick-Up Policy:** Once complete and packaged for shipment, customer pickup orders will be transacted, and you will be invoiced accordingly. As always, our shipping team will notify you that your order is ready and provide you with the weights & dimensions of your order.

All orders are to be picked up as soon as possible (within 3 days) after you have been notified. If orders are not picked up within this timeframe, Stylmark reserves the right to apply additional holding charges, including shipping the order via best method at your expense.

**Limited Warranty:** Stylmark products are warranted to be free from defects in workmanship and materials under normal use and service when properly installed. This warranty is limited to actual invoiced charges. We are not liable for any other damages or charges. Refer to Stylmark's complete warranty statement.

**Anodizing Color Range:** Stylmark strives to provide consistent and uniform anodized finishes; however, variation in gloss, light & dark, and tristimulus system values (RGB) should be expected. Additionally, because anodized coatings are translucent, appearance will vary with viewing angle and base level finish of material. Therefore, for critical installations, minimum/maximum samples which represent the acceptable range of variation in the finish should be requested & approved prior to processing any orders. Without approved range samples, Stylmark will produce orders using standard range tolerances around the target anodized finish

**Anodized Aluminum Racking Marks:** All anodized aluminum extrusion and parts must have electrical contact to the part to be anodized. Various contact types are used depending upon the size and geometry of the part being anodized. The electrical contact will leave racking marks on the finished parts. Racking marks include bolt marks, clip marks or thread marks. Most extrusions will include bolt marks, and for this reason, Stylmark's typical extrusion length is 2" over its nominal length, e.g., a 12 ft extrusion measures to 146". This way the user of the finished extrusion can trim the extrusion to size and have 12 ft of useable, finished material. Other anodized aluminum parts, such as anodized sheet aluminum may also have bolt or clip marks. Please verify allowable locations or contact Stylmark for options. Cut to length extrusions and machined parts may be racked using clips. Although clips leave smaller rack marks, they are generally placed in the least conspicuous locations possible as to minimize the appearance of the mark. It is important to communicate the critical surfaces & finish expectation to Stylmark so we can work with you to identify acceptable rack mark locations. Heavier materials, such as machined items or parts made from aluminum plate may require the electrical contact to be made in a tapped hole in the part. In this case, the rack mark will be in and around the threads of the tapped hole, where the bolt threads engage the part. If racking marks are a concern for the anodized materials on your project, you are encouraged to contact Stylmark, prior to placing your order, to discuss racking options.

**Custom Color Charges:** Stylmark has an extensive library of colors. Custom colors will be subject to an additional charge. If you have a color to match or would like a custom color, please call for details. \* Minimum order quantities and longer lead times will apply.

**Order Quantity Tolerances:** Orders for non-stocked, made-to-order items are subject to a quantity range tolerance of +/- 10% and these items may also be subject to a minimum quantity per item. This includes all FTOE's (Finish-to-Order Extrusions) and all other products not held in Finished Goods inventory by Stylmark.

For example, for an order of 40 pieces of a made-to-order item, we may deliver 36-44 pieces, bill the actual quantity shipped at the quoted unit price and close the order. Please consider quantity tolerances when ordering made-to-order items.

**Special Order Extrusion Quantity Tolerances:** All special-order extrusions are subject to quantity range tolerances as described below.

**Extrusions Push Piece Part Yield**

- 300-400 pounds +/- 35%
- 400-700 pounds +/- 30%
- 700-1,000 pounds +/- 25%
- 1,000-2,000 pounds +/- 15%
- 2,000-5,000 pounds +/- 10%
- 5,000-10,000 pounds +/- 7%
- 10,000-30,000 pounds +/- 5%

For example, an order for 200 pieces of a special-order extrusion may require a 300 lb. extrusion push based upon profile weight. This push may yield 200 pieces +/- 35% of the extrusion. Stylmark will ship the entire yield (for this example 140-270 pieces) of the push and you will be invoiced for the quantity shipped at the quoted unit price.

\* Exact quantity orders will be subject to additional charges.

**Extrusion Dies and Tooling:** Unless otherwise designated in writing, all extrusion dies, and tooling remains the property of Stylmark. We hold tooling for a minimum of two years. If no order is received in any two-year period, we reserve the right to dispose of the tooling.

**Design/Engineering Charges:** For customer requesting design or engineering work, a charge of \$150 per hour will apply.

**Patents:** On orders for customer-specified products, the customer agrees to protect and indemnify Stylmark against any infringement claims.

**Shortages and Damaged Shipments:** Claims for shortages and damages must be submitted in writing within 5 days of order shipment. Receiver must note damage on BOL at time of delivery. Provide signed BOL, photos of damaged material and packaging to process a claim for replacement. Stylmark will file a freight claim for damage and shortages on prepaid shipments if notified within 5 days of receipt. Keep damaged goods and packaging for inspection until advised by the carrier to dispose of them.

**Return Policy:** Stylmark's goal is 100% customer satisfaction. Returned materials should be wrapped for protection and tightly bundled to prevent movement in shipping. We cannot accept returns of materials that have been damaged during return shipment due to improper packaging. All returns are subject to Stylmark approval and require an RMA.

Contact your Stylmark account representative and request a Return Material Authorization (RMA) number. Please do not return materials to us without first obtaining an RMA number. Provide an order or invoice number and reason for return request.

Return the materials to us (shipped pre-paid) within 21 days of authorization, clearly marking each package with the RMA number. Include the RMA number on the packing slip. Returns shipped freight collect will be back charged for freight.

Under normal conditions, returns are only allowed on standard stock items in standard finishes and will be subject to a restocking charge (typically 25% or \$50, whichever is greater).

All material returned will be credited using quantity discount price unless referenced on invoice. Upon inspection and approval, a credit will be issued to your account

## Stylmark Warranty Statement

Stylmark, Inc. warrants this product to be free from defects due to workmanship or materials, under normal use and service, for the following warranty period from date of shipment.

Credit procedure. Stylmark, Inc. will issue credit at the actual invoice amount if a copy of that invoice is attached to the packing list. Without an invoice, Stylmark, Inc. will credit using discount pricing.

### Repair or Replacement Procedure

Stylmark, Inc. will, at its option, either repair or replace the product free of charge and return it or its replacement lowest cost transportation pre-paid. The replacement will be a functionally equivalent new product. Premium transportation will be used at customer's request and expense.

The warranty will not be honored if:

- product is damaged or missing parts or accessory items.
- product exhibits evidence of field misapplications

Final disposition of any warranty claim will be determined solely by Stylmark, Inc. If inspection by Stylmark, Inc. does not disclose any defect covered by the warranty, the product will be returned or scrapped as instructed by the customer and Stylmark, Inc.'s regular service charges will apply. Products returned to the customer may be sent shipping charges collect.

If you have any questions relative to product returns to Stylmark, Inc., contact your Customer Service Representative @ 1-800-328-2495 or at [info@stylmark.com](mailto:info@stylmark.com)

# Finished To Order Items Price List

- Finished To Order items are items that Stylmark carries in an unanodized state and would only anodize after receipt of a purchase order. Most standard color orders can ship within 5-7 days depending on current inventory. If there is not enough inventory available at the time of order, a lead time will be communicated to you from one of our Customer Care Representatives.
- Please note that the non-buffed and non-brushed aluminum items may show minor material blemishes. Buffing and brushing not only enhance the appearance of the finish, but it tends to hide these minor imperfections.
- Many items are stocked and available in some of our standard colors. Please view our Stock Items Price List and/or visit [shop.stylmark.com](http://shop.stylmark.com) to purchase. Note: not all of the items listed on our Stock Items Price List are available on the website.
