

# Cafe Barrier System

The Café Series from Stylmark consists of a variety of components used to create Partition Systems. The Glass Clamp system uses brackets to secure the glass to the post and provides a clean, modern aesthetic. A more traditional look is achieved with the Glass Channel system that uses recessed channels and plastic glazing to secure the glass. Post are sold in 12' stock lengths for size customization. Optional accessories include end caps, shelf brackets and base attachment hardware.

## Single Post Surface Mounting Kit

Standard sizes: 24" or 36"  
Standard finishes: Satin Natural or Satin Brass

## Double Post Fluted Mounting Kit

Standard sizes: 24" or 36"  
Standard finishes: Satin Natural or Satin Brass

Free-Standing Barriers by Stylmark

# Cafe Barrier System Stocked Component Pricing
